TRAINING

Acting: Johnson County Arts and Heritage Center

CLIENT FEEDBACK

"We had so much fun on set with them yesterday! Sam and Charlie were both great to work with. I was especially amazed by how well Charlie listened and was able to follow direction. We were photographing him with a plush and I'm sure you can guess that it's often challenging to get real reactions from children (after having them do the same action repeatedly). Charlie had no problem, and we have so many genuine expressions to choose from! He was ADORABLE!" -Hallmark Creative Team
